1. Rationale

The Undergraduate Program of Pancasila And Civic Education, Universitas Negeri Surabaya is under the auspices of the Faculty of Social Sciences established in 1964. With the issuance of Unesa Rector's Decree No: 500 / UN38 / HK / PP / 2015 dated October 1, 2015, concerning "Change of Name of Faculty of Social Sciences to Faculty of Social Sciences and Law", there was officially a change in the name of the faculty from the Faculty of Social Sciences (FIS) to the Faculty of Social Sciences and Law (FISH). The change in faculty name was also followed by a change in new governance at FISH, namely the establishment of new departments at FISH as stated in the Unesa Rector's Decree No. 178 / UN38 / HK / KL / 2016 concerning "Arrangement and Determination of majors and study programs in the Surabaya State University Environment, dated February 3, 2016. One of the contents of the decision is "the arrangement of majors and study programs within Surabaya State University, carried out through institutional analysis by laws and regulations. In the annexe to the Unesa Rector's Decree, it is stated that in FISH there are 6 departments, namely (1) PMP-KN, (2) History Education, (3) Geography Education, (4) Public Administration, (5) Law, and (6) Social Sciences. The Department of Moral Education of Pancasila Citizenship consists of 1 study program, namely Pancasila and Civic Education (PPKn). Furthermore, in 2024, with the issuance of Unesa Rector's Decree Number 165/UN38/HK/KL/2024 dated January 29, 2024, concerning the Change of Name of the Faculty of Social Sciences and Law to the Faculty of Social and Political Sciences. So officially there was a change in the name of the faculty from the Faculty of Social Sciences and Law (FISH), to the Faculty of Social and Political Sciences (FISIPOL). This name change certainly resulted in other changes to the composition of majors and study programs at FISIP. The change is that the Department of Law has been separated from FISIP and became a separate faculty to become the Faculty of Law, and gave rise to a new study program, namely the Political Science Study Program within the Faculty of Social and Political Sciences (FISIPOL).

Since 2014, the PPKn Study Program has gradually developed and implemented the KKNi and SNPT-based Study Program Curriculum. Based on the development of digital literacy, disaster response, anti-radicalism, and the importance of physical education and fitness for prospective graduates at UNESA, based on the UNESA Rector's Decree Number 896 / UN38 / HK / KR / 2019, the PPKn Study Program revised the curriculum.

To facilitate the improvement of *link and match* achievements and innovative learning, the Ministry of Education and Culture issued a policy "Merdeka Belajar–Kampus Merdeka" through Permendikbud Number 3 of 2020. The Independent Learning Policy – Independent Campus aims to encourage students to master various sciences that are useful for entering the world of work. The study program through the implementation of the Independent Campus provides opportunities for students to choose and study the courses they are interested in outside the study program, even outside of college.
