

TRACER STUDY PROGRAM REPORT

**31st December 2021
DEGREE PROGRAM**

**Editor:
GEOGRAPHY EDUCATION STUDY PROGRAM TEAM**

**Geography Education
Faculty of Social Science and Law
SURABAYA STATE UNIVERSITY
2022**

A. Activity Results

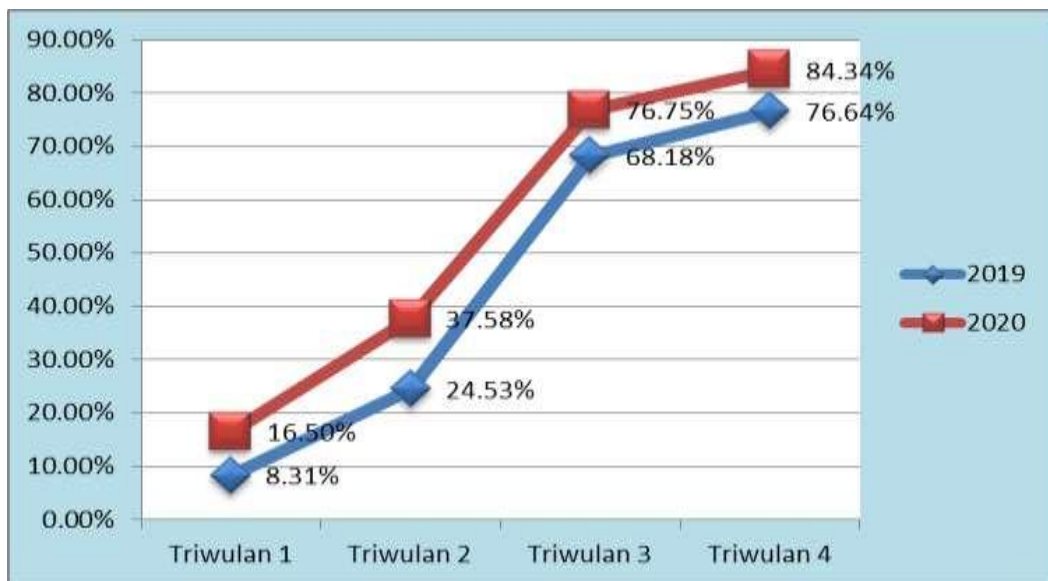

Figure 1. The progress of filling the Unesa Alums Tracer for 2019 and 2020

Based on Figure 1. shows that filling in the tracer study progressed in a positive direction, where at the end of March (Quarter 1) the incoming data for alums graduating 2019 which filled as many as 14 alums of the 99 targeted (14.1%), then increased in the second quarter as many as 38 alums who filled out (38.4%), then increased rapidly at the end of September/Quarter 3 as many as 66 (66.7%) had successfully filled out and lastly the data for quarter 4 showed an increase as well as 97 alums had filled out the tracer studies (97.9%). For alums graduating 2020, at the end of March (Quarter 1) the incoming data for alums graduating 2020 who filled out as many as 24 alums from the targeted 101 (23.8%), then increased in the second quarter as many as 44 alums who filled out (43, 6%), then increased rapidly at the end of September/ Quarter 3 as many as 67 (66.3%) have successfully filled out and the last quarterly data shows an increase of 99 alums who have completed the tracer study (98.0%).

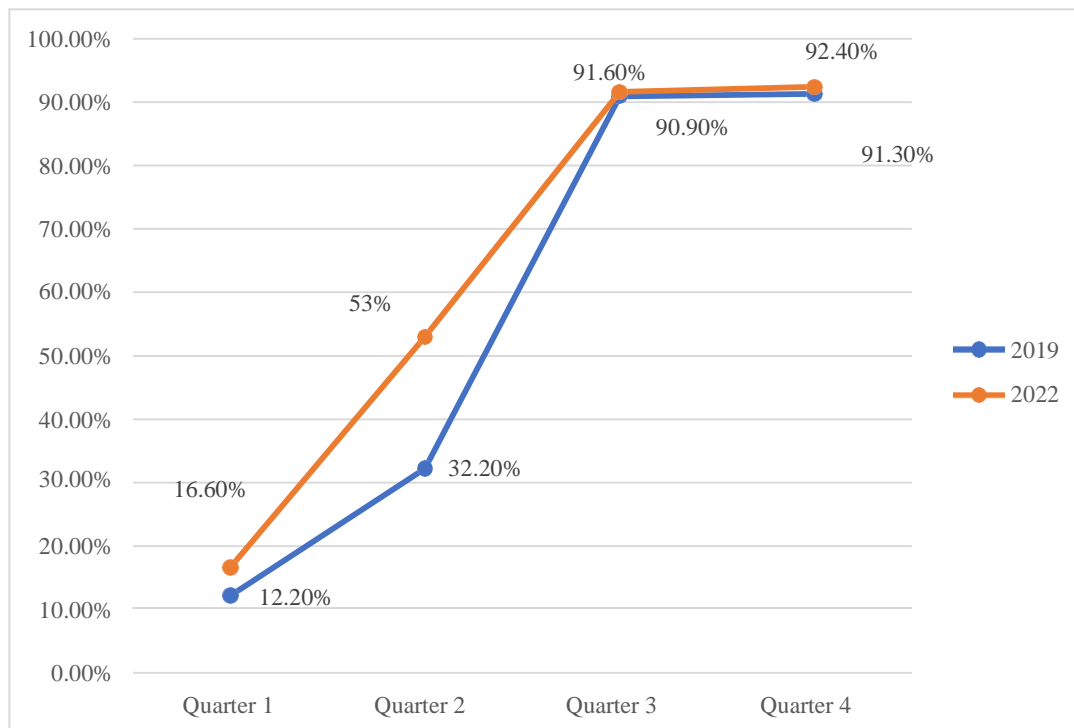

Figure 2. The progress of filling out the Unesa FISH Alums Tracer Passes in 2019 and 2020

Based on Figure 2. shows that filling out the tracer study at the Faculty of Social Sciences and Law has progressed in a positive direction. Where at the end of March (Quarter 1), the incoming data for alumni graduating 2019, which filled out 61 alumni out of the targeted 516 (12, 2%), then increased in the 2nd quarter by 166 alumni who filled out (32.2%), then increased rapidly at the end of September/Quarter 3, as many as 469 (90.9%) had successfully filled in, and lastly, the data for the fourth quarter also showed an increase even though it was not too significant as many as 471 alumni had filled out the tracer study (91.3%). For alumni graduating in 2020, at the end of March (Quarter 1), the data entered and recorded filled as many as 79 alumni of the 607 targeted (16.7%), then increased in the second quarter of 322 alumni who filled out (53%), then increased rapidly at the end of September/Quarter 3, as many as 556 (91.6%) had successfully filled out, and lastly, in the fourth quarter data, as many as 561 alumni had filled out the tracer study (92.4%).

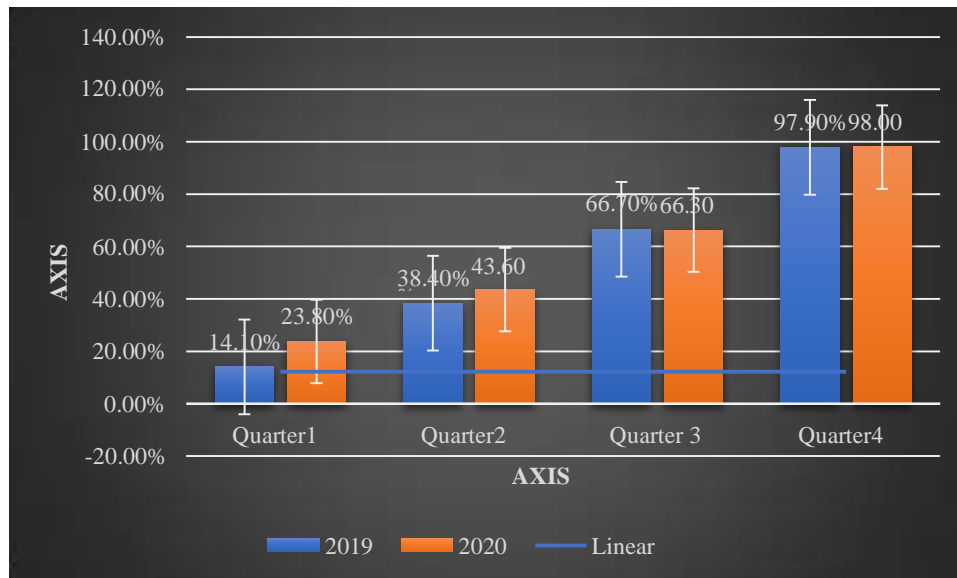

Figure 3. The progress of filling in the Tracer Alums of the FISH UNESA Geography Education Study Program who Graduated in 2019 and 2020

Based on Figure 2. shows that filling out the tracer study in the Geography Education S1 Study Program is progressing in a positive direction. Where at the end of March (Quarter 1), the incoming data for alumni graduating 2019, which filled out two alumni out of 111 targeted (1.8 %), then increased in the 2nd quarter as many as 12 alumni who filled out (10.8%), then increased at the end of September/ 3rd quarter as many as 20 (18.0%) have successfully filled in and finally the 4th quarter data shows a significant increase of 64 alumni have completed the tracer study (57.6%). For alumni graduating in 2020, at the end of March (Quarter 1), the data entered and recorded filled seven alumni out of the 93 targeted (7.52%), then increased in the second quarter to as many as ten alumni filled (10.75%) then increased rapidly at the end of September / Quarter 3 as many as 18 (19.3%) have successfully filled in and finally the fourth quarter data as many as 60 alumni have filled out the tracer study (64.5%).

Table 1. Status of Filling Tracer Study by Faculty at UNESA

Faculty	Target 2019	Achievements 2019	Percentage	Target 2020	Achievement 2020	Percentage
FBS	684	650	95.03%	955	928	97.17%
Feb	723	385	53.25%	831	544	65.46%
Fio	377	124	32.89%	333	190	57.06%
Fip	705	658	93.33%	665	631	94.89%
FISH	614	569	92.67%	628	581	92.52%
FMIPA	631	421	66.72%	603	439	72.80%
Ft	685	658	96.06%	680	667	98.09%
Vocational	285	140	49.12%	281	180	64.06%

Based on table 1 shows that the alumni of the Faculty of Languages and Arts (FBS) who graduated in 2019 have filled as many as 650 alumni from 684 graduates (95.0%), while those who graduated in 2020 have filled 928 alumni from 956 graduates (97,2%). Furthermore, alumni of the Faculty of Economics and Business (FEB) who graduated in 2019 have filled out 385 alumni from 723 graduates (53.3%), while those who graduated in 2020 have filled out 544 alumni from 831 graduates (65.6%). For alumni of the Faculty of Sports Science (FIO) who graduated in 2019 and have filled as many as 124 alumni from 377 graduates (32.9%), while those who graduated in 2020 have filled as many as 190 alumni from 333 graduates (57.0%). And the alumni of the Faculty of Education (FIP) who graduated in 2019 have filled 658 alumni from 705 graduates (93.3%), while those who graduated in 2020 have filled 631 alumni from 665 graduates (94.9%)

The alums of the Faculty of Social Sciences and Law (FISH) who graduated in 2019 and have filled 569 alums from 614 graduates (92.7%), while those who graduated in 2020 and have filled 581 alums from 628 graduates (92.7%). Furthermore, for alums of the Faculty of Mathematics and Natural Sciences (FMIPA) who graduated in 2019 and have filled as many as 421 alums from 631 graduates (66.7%), while those who graduated in 2020 and have filled 439 alums from 603 graduates (72.8%) . The alums of the Faculty of Engineering (FT) who graduated in 2019 and have filled 658 alums out of 685 graduates (96.1%), while those who graduated in 2020 and have filled 667 alums from 680 graduates (98.2%), Finally, the Vocational Education Program alums who graduated in 2019 and have filled 140 alums of 285 graduates (49.1%), while those who graduated in 2020 and have filled as many as 180 alums of 281 graduates (64.0%).

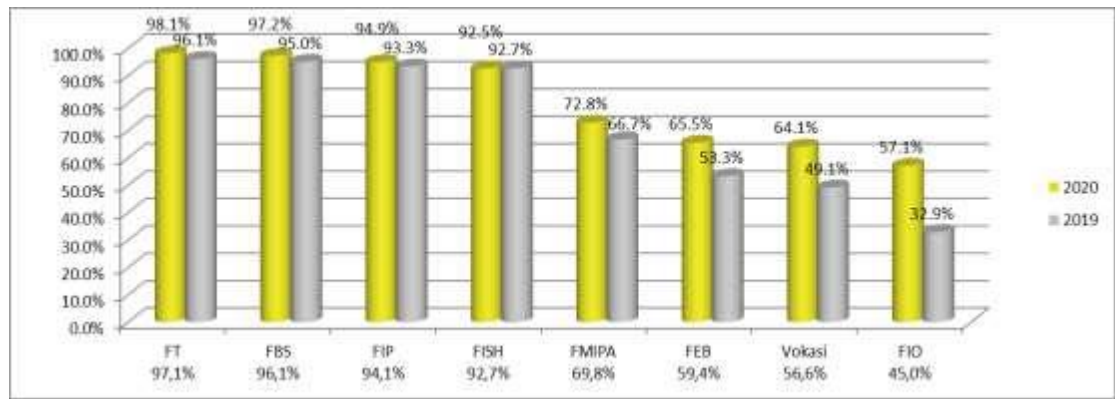

Figure 4. Average Percentage of Faculty Achievements at UNESA

Based on Figure 2 shows that the average achievement of the Faculty of Engineering which has filled as much as 97.1%. Furthermore, the achievements of the Faculty of Language and Arts which have filled out as many as 96.1%. For the achievements of the Faculty of Education, the average 2019 and 2020 alums who have filled out as many as 94.1%. In the achievements of the Faculty of Social Sciences and Law, the average alums in 2019 and 2020 have filled 92.7%. Furthermore, the achievements of the Faculty of Mathematics and Natural Sciences average 2019 and 2020 alums who have filled 69.8%. In the achievements of the Faculty of Economics and Business, the average 2019 and 2020 alums who have filled out as many as 59.4%. Then the average Vocational Program achievement of 2019 and 2020 alums who have filled 56.6%. And finally, the achievements of the Faculty of Sports Science, the average 2019 and 2020 alums, have filled 45.0%. From the data, the faculties with the highest to lowest achievements have been ranked.

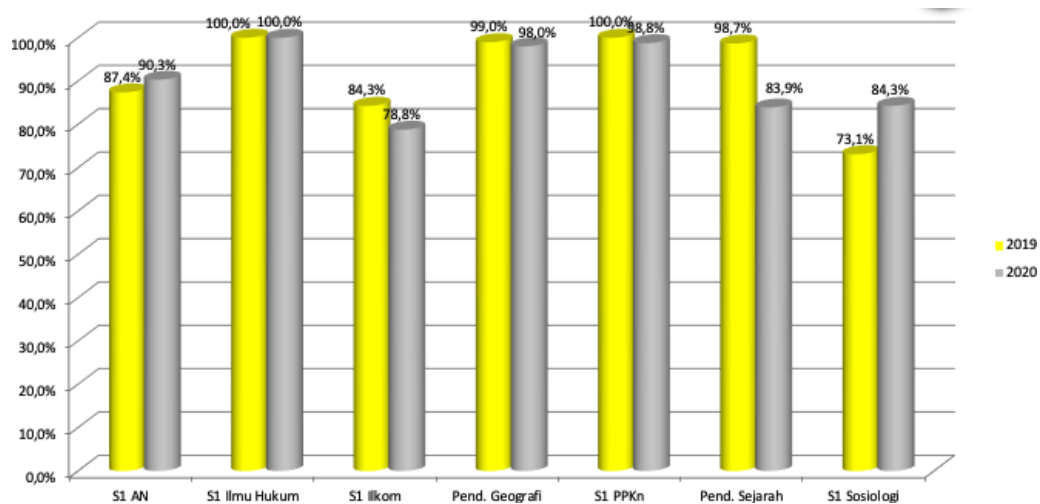

Figure 5. Average Percentage of Study Program Achievements at FISH

Based on Figure 4, it shows that the average achievement of the Geography Education S1 Study Program has filled as much as 98.5%. Furthermore, the achievements of the Legal Studies Study Program which have filled out as much as 100%. For the achievement of S1 Communication Studies, the average 2019 and 2020 alums who have filled out as many as 81.6%. In the achievements of the State Administration Undergraduate Study Program, the average 2019 and 2020 alums who have filled out as many as 88.7%. Furthermore, the average PPKN S1 achievements are 2019 and 2020 alums who have filled out as much as 99.4%. In the achievements of the History Education Study Program, the average 2019 and 2020 alums have filled 90.7%. Then the achievements of the 2019 and 2020 Sociology S1 Study Programs which have filled 78.8%. The highest achievement was achieved by the S1 Law Study Program, and the lowest was in the Sociology S1 Study Program.

Table 2. Tracer Filling Status by Study Program at FISH

Study Program	2019 Targets	Achievement 2019	Percentage	2020 Targets	Achievement 2020	Percentage
S1 Science Adm. State	111	98	88,3%	93	88	94,6%
S1 Law	99	99	100,0%	130	129	99,2%
S1 Communication Science	71	59	83,1%	66	52	78,8%
S1 Geography Ed.	99	97	98,0%	101	99	98,0%
S1 PPKn	92	92	100,0%	81	80	98,8%
S1 History Education	75	75	100,0%	87	73	83,9%
S1 Sociology	67	49	73,1%	70	60	85,7%

Based on table 2, it shows that S1 alums of State Administration Science who graduated in 2019 and have filled out as many as 98 alums of 111 graduates (88.3%), while those who graduated in 2020 and have filled as many as 88 alums of 93 graduates (94.6%) . Furthermore, S1 Law graduates who graduated in 2019 and have filled as many as 99 alums of 99 graduates (100%), while those who graduated in 2020 and have filled as many as 129 alums of 130 graduates (99.2%). For S1 Communication Studies alums who graduated in 2019 and have filled as many as 59 alums of 71 graduates (83.1%), while those who graduated in 2020 and have filled 52 alums of 66 graduates (78.8%). And the alums of S1 Geography Education who graduated in 2019 and have filled as many as 97 alums out of 99 graduates (98%), while those who graduated in 2020 and have filled as many as 99 alums out of 101 graduates (98%).

For the S1 Pancasila and Citizenship Education (PPKN) alums who graduated in 2019 and have filled as many as 92 alums out of 92 graduates (100%), while those who graduated in 2020 and have filled 80 alums out of 81 graduates (98.8%). Furthermore, for History Education alums who graduated in 2019 and have filled as many as 75 alums of 75 graduates (100%), while those who graduated in 2020 and have filled as many as 73 alums of 87 graduates (83.9%). In Sociology S1 alums who graduated in 2019 and have filled 49 alums from 67 graduates (73.1%), while those who graduated in 2020 and have filled 60 alums from 70 graduates (85.7%),

Table 3. Quality of Graduates of the 2020 Alumni Geography Education Study Program

Dec 31 , 2021/Alums 2020		
Tracer Population		101
Tracer Filler	99	98,0%
Alums Working for < 6 months	57	56,4%
Entrepreneurship alums	8	7,9%
Advanced Study Alums	19	18,8%
Alumni work < 6 mount/entrepreneur/extens study	84	83,2%
Alumni work < 6 mounts whose wages are 1.2 UMP	25	24,8%
Standard Gold Amount	52	51,5%

Based on table 3, it shows that the overall population of 2020 alums tracers is 101 and 99 or 98% have filled it. From the entire population, there were 57 alums who got their first job in less than 6 months (56.4%) while of that number, it turned out that only 19 had advanced studies and alums who earned an income of 1.2 Provincial Minimum Wage (24.8% of the population) . For alums who are entrepreneurship alone as many as 25 people. So the quality of alums who graduate in 2020 where they work for less than 6 months and have a wage of 1.2 UMP/entrepreneurship/advanced studies as many as 84 alums or 83.2% who are included in the gold standard of Key Performance Indicators.

Table 5. Waiting Period for Graduates of Geography Education Study Program

Waiting Period for 2019 and 2020 Graduates to get their first job					
No.	Month	2019		2020	
1	0-3 Months	32	74,5%	31	62,0%
2	3-6 Months	9	20,9%	14	28,0%
3	6-12 Months	1	2,3%	4	8,0%
4	12-24 Months	1	2,3%	1	2,0%
	Amount Amount	43	100%	50	100%
	Average	3.16 Months		4.14 Months	

Based on table 5 above, the number of alums who graduated in 2019 got their first job, showing that 32 alums got jobs 0-3 months after graduation. Next, as many as 9 alums got their first job in the span of 3-6 months. Each of the alums got their first job 6-12 and 12-24 months after they graduated. So the average waiting period for 2019 graduates to get their first job is 3.16 months.

The number of alums who graduated in 2020 and got their first job shows that 31 alums got jobs 0-3 months after graduation. Next, as many as 14 alums got their first jobs in the span of 3-6 months. A total of 4 alums got their first job 6-12 months after they graduated and there was 1 alums who got a job with a waiting period of 12-24 months. The average waiting period for 2020 graduates to get their first job is 4.14 months.

Table 6. Average income of alums of the Geography Education Study Program

Average Income	(Rupiah)
2019 Alums	2.637.206
2020 Alums	2.382.018

Based on table 6, it can be concluded that the average main job income for 2019 alums who graduate per month is IDR 2,637,206, and the average income for 2020 alums who graduate per month is IDR 2,382,018.

Table 7. Operational level where alums of the S1 Geography Education Study Program work

		Alums Employment Rate 2019 (AV)		Alums employment rate 2020	
1	Local/Region	26	57,8%	14	31,1%
2	National	33	73,3%	30	66,7%
3	International/ Multinational	3	6,7%	1	2,2%
		62		45	

Based on table 7, all alums of the S1 Geography Education Study Program who have obtained jobs for alums who graduated in 2019 are 62 alums, divided into several levels of work, namely local/regional jobs for alums who graduated in 2019 as many as 26 alums (57.8%) and for alums who graduated in 2020 as many as 14 alums (31.1%), national jobs for alums who graduated in 2019 were 33 alums (73.3%) and alums who graduated in 2020 were 30 alums (66.7%), and the rest work in international/multinational jobs for alums who graduated in 2019 as many as 3 alums (6.7%) and for alums with a graduation year 2020 as many as 1 alums (2.2%). This shows that the majority of alums work at the national level who receives alums from the Geography Education S1 Study Program.

Table 8. Level of Closeness of Field of Study with Field of Work

Category of closeness in the field of Education with the field of work	2019	2020
Very Close	32,2%	45,6%
Close	8,5%	14,7%
Close Enough	18,6%	8,8%
Less Tight	11,9%	14,7%
Not at all	28,8%	16,2%

Based on table 8, all alums of the S1 Geography Education Study Program, Faculty of Social Sciences and Law, State University of Surabaya with a 2019 graduation year who

have get a job, have a close relationship between the fields of study that have been taken in lectures and the work being undertaken at this time, as many as 32.2%, respondents assess that between the fields of study that have been taken in lectures and the work being undertaken at this time is very close, there are 8,5% felt that the closeness between the fields of study that had been taken in lectures and the work being undertaken at this time was close, as many as 18.6% considered that there was quite a close relationship between the fields of study that had been taken in lectures and the work being undertaken at this time, there were 11,9% of alums rate less closely, and the rest rate not close at all as much as 28.8%. This shows that the majority judge quite closely between the field of study and the field of work that alums are currently engaged in.

Based on table 8, all alums of the Geography Education Study Program, Faculty of Social Sciences and Law, State University of Surabaya State University with a graduation year of 2020 who have found work, have a high level of closeness between the fields of study that have been taken in lectures and the work being undertaken at this time, as many as 45,6% of respondents considered that between the fields of study that had been taken in lectures and the work being undertaken at this time were very close, there were 14.7% felt that the closeness between the fields of study that had been taken in lectures and the work being undertaken at this time was close, as many as 8.8% considered that the field of study that had been taken in lectures was quite close to the current work, there were 14.7% of alums who rated it less closely, and the rest considered it not close at all as much as 16.2%. This shows that the majority judge quite closely between the field of study and the field of work that alums are currently engaged in.

**Table 9. Level of Education Obtained By Employment Standard
S1 Geography Education Study Program**

Category level Education in the Workplace	2019	2020
A Level Up	9,1%	10,3%
Same Level	89,1%	82,4%
Lower lever	1,8%	7,4%
No Need for Higher Education	0,0%	0,0%

Based on table 9, all alums of the S1 Geography Education Study Program, Faculty of Social Sciences and Law, State University of Surabaya, in getting the current job, have different levels of accuracy between their current job position and the level of education that has been taken. It can be concluded that the jobs of alums who graduated in 2019 currently do not require higher education of 0.0%, jobs of alums who graduated in 2019 currently require a lower level of education by 1.8%, jobs of alums who graduated in 2019 currently this requires a higher level of education of 9.1%, and the work of alums who graduated in 2019 currently requires the same level of education of 89.1%. This indicates that the majority of alums jobs graduating in 2019 currently require a level of education equivalent to higher education. The jobs of alums who graduated in 2020 currently do not require higher education by 7.4%, jobs of alums who graduated in 2020 currently require education at a lower level of 15.5%, jobs of alums who graduated in 2020 currently require education a higher level of 6.9%, and the work of alums graduating in 2020 currently requires the same level of education of 75.9%. This indicates that the majority of alums jobs graduating in 2020 currently require an equivalent level of education with higher education.

Table 10. Sources of Job Information for Alums of Geography Education

Job Information Media	Percentage answer
Via Instagram	5.49%
Apply to institutions without knowing the available vacancies	1.70%
Go to job fairs/shows	1.29%
Searching via internet/online advertising/mailling list	3.70%
Via WA	16.29%
Via Telegram	4.84%
Via Social Media	5.98%
Obtaining information from the career development center/office faculty/university	5.42%
Contact the student affairs office/alums relations	4.18%

Building a network (network) since I was in college	1.68%
Through relationships (eg lecturers, parents, siblings, friends, etc.)	28.52%
Build their own business	11.79%
Working in the same place as the workplace during college	7.59%
Other	1.56%
TOTAL	100%

Based on table 10 above, it shows that the majority (28.52%) of alums get information related to work through relationships, such as lecturers, parents, relatives, friends and others. This shows that building relationships is very, very important to get a suitable job because with relationships there is a belief that the person you know is really good according to the real conditions. In addition, through information obtained from relations, it is usually more appropriate because the relations better understand the quality of the alums they know.

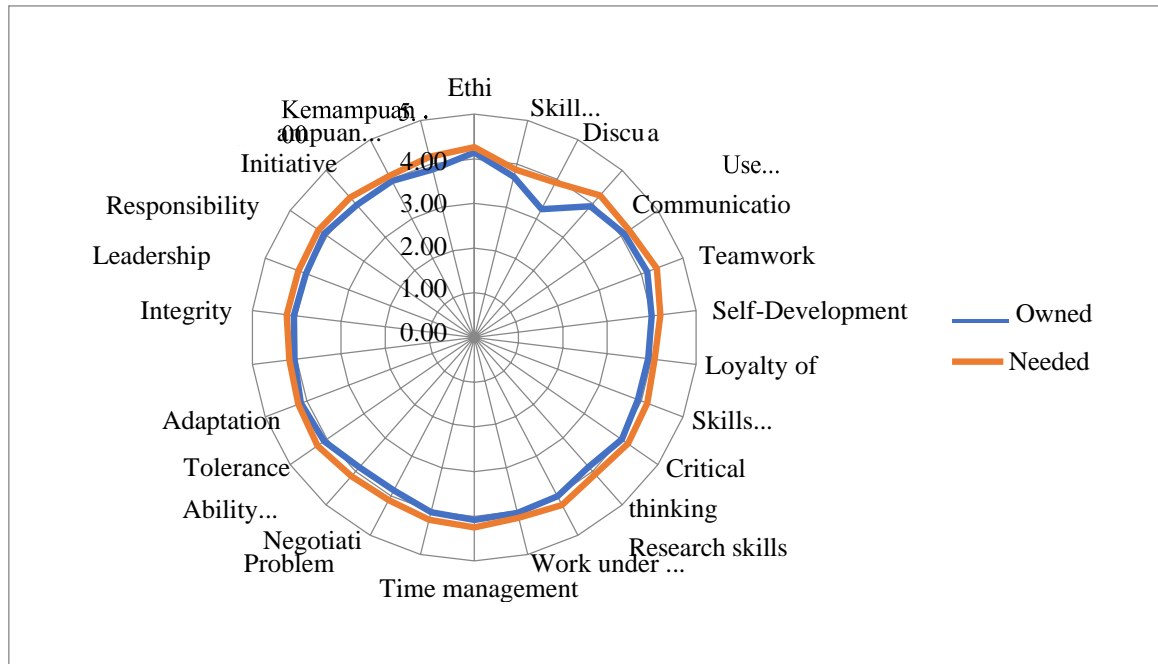

Furthermore, the information obtained by alums through WhatsApp shows a fairly large number, which is 16.29%. WA media is one of the most preferred media by alums because whatsapp media is the most flexible and fast to use compared to other media, such as Instagram, Facebook, email, telegram, and others.

In addition, building a business shows quite a lot of interest, which is 11.79%. This is because alums have an entrepreneurial spirit that is good enough to work independently, creating a field of work that is by following per under their talents, interests and potential.

Meanwhile, other information obtained by alums from their previous workplaces during their studies also showed a fairly large number, namely 7.59%. This shows that many alums during college are working. This group is quite significant because they are primarily alums from weak economic groups whose pocket money is mediocre so they need to find extra to survive. Usually, they work from semester 5 to finish college. Furthermore, after finishing college they will continue in that place because they feel they are suitable for their workplace.

For the role of the University towards alums, it can be seen in the answer choices "Getting information from the faculty/university career development center/office" and "Contacting the student affairs office/alums relations", from the two answer choices we can conclude that the role of universities is still low and needs to be improved.

Picture 5. Graduate ability alums 2019

Picture 6. Graduate ability alums 2019

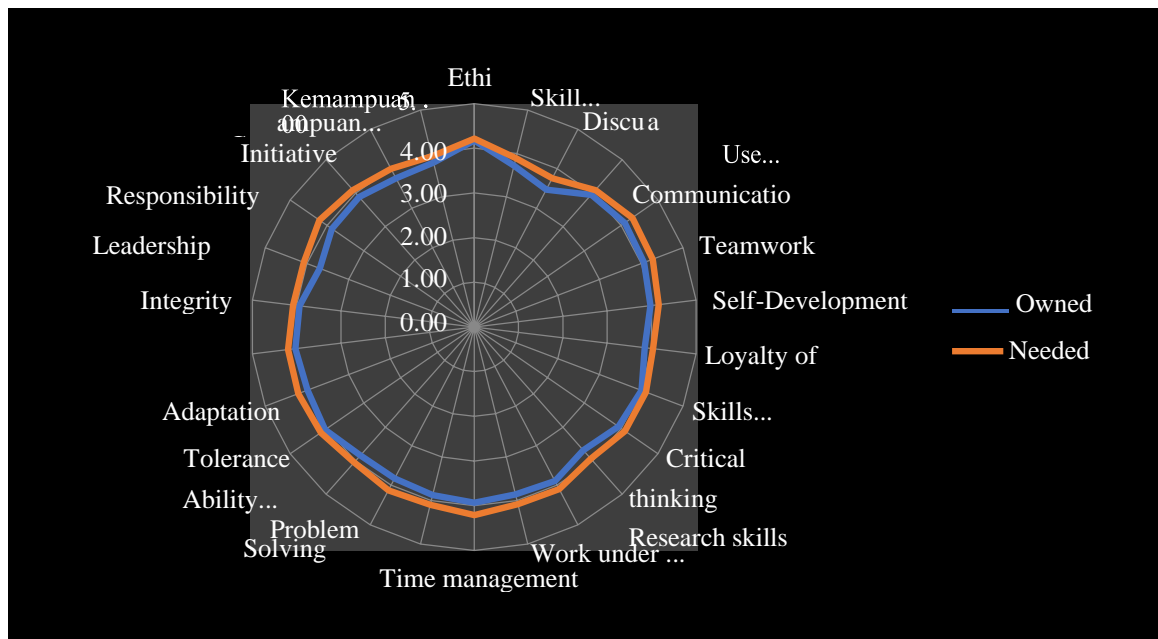

Figure 7. Graduate ability alums 2020

From Figures 5 and 6 above, it shows that the ethical skills for 2019 and 2020 alums are still below the standard of needs in the institutions/agencies/where they work. These results also occur in all indicators of expertise based on knowledge, English language skills, information technology, communication, teamwork, and adaptation, time management, critical thinking, and other indicators. This means that institutions must strive to improve student abilities through learning, facilitate students in activities related to self-development such as scientific activity groups in study programs, encourage participation in various competitions, seminars, workshops, and others.

CHAPTER 3 CLOSING

Table 10. Types of obstacles and corrective actions

No.	Constraints	Corrective steps/actions
1	<p>1. There is still a lot of out-of-sync data regarding alums emails and phone numbers so that the Faculty's PIC Tracer has difficulty contacting and being integrated into the WA group</p> <p>2. There are still many alums who ignore the call to fill in the tracer even though they have been given official letters and the lure of prizes drawn every semester.</p> <p>3. There are still some system weaknesses, namely the input data from the Alums sim to the SIM tracer transfer database is not fully legible</p> <p>4. There are still many alums who fill in the salary column with the number "0" Zero or the "-" strip to keep the nominal wages secret</p> <p>5. There are still many alums who work as honorary teachers and are paid far below the UMP.</p> <p>6. When uploading to tracerkemdikbud there is also the potential for data not to be sent because some of the answer cells are not detected by the website so they are considered "invalid".</p> <p>7. There are still 4 faculties whose tracer achievements are below 70%</p>	<p>1. Fix accounts that are still not in sync by resetting passwords focused on Faculties whose achievements are less than 80%.</p> <p>2. Coordinate again with the PIC tracer of the faculties with less achievement to emphasize filling in the income column in order to increase the KPI achievement.</p> <p>3. Increasing the quantity of incoming data where currently, overall alums who graduated in 2019 and 2020 still have 2% left. This is due to the lack of awareness of the importance of tracers for alums. So it is necessary for students to understand before they graduate the importance of filling out tracer studies.</p> <p>4. The tracer team will coordinate with PPTI to develop a new system next year that can minimize the weaknesses and limitations of the system currently used from the ITB Career Center.</p>

Implementation of the results of this tracer for future policies:

1. There needs to be a tracer study socialization when students are graduating so that they recognize this activity
2. It is necessary to use a system built by Unesa so that technical problems can be overcome immediately

3. There is a need for an entrepreneurship program before students graduate so that they hope to increase the KPI 1 The quality of entrepreneurship graduates.
4. There is a need for a preparation program to enter the workforce before students graduate so that the hope is to increase the KPI 1 The quality of graduates working less than 6 months.
5. There needs to be a postgraduate socialization program and ways to get postgraduate scholarships before students graduate so that they hope to increase the KPI 1 The quality of graduates for further studies.
