

Dr. Rohim Aminullah Firdaus, S. Pd., M.Si.

Position	Lecturer of Material Optics and Instrumentation in Physics Study Program		
	Degree	University	Year
Academic career	Bachelor at Physics Education	Universitas Negeri Malang	2004- 2008
	Master of Physics	Institut Teknologi Sepuluh Nopember (ITS) Indonesia	2009 - 2011
	The Doctoral Program in Physics Department	Institut Teknologi Sepuluh Nopember (ITS) Indonesia	2013 - 2020
Employment	Position	Employer	Period
	A lecturer at Physics Study Program	Universitas Negeri Surabaya (UNESA) Indonesia	2021 - Now
Research and Development project over the last 5 Years	Year and Title		
	2013 - 2020: Study of The Performance of Microstrip Compact Antenna with Slope Thickness of the Substrate (Dissertation Research)		
Patent and Proprietary Right	Title		Year
	-		-
Publications and Potential Articles over last 5 years	“The effect of Conductivity and Permittivity on Propagation and Attenuation of Waves using FDTD”, Journal Materials Physics and Mechanics, Vol 42, pp 617-624, 2019		2019
	“Study of The Performance of Microstrip Compact Antenna with Slope Thickness of the Substrate”, International Journal of Microwave and Optical Technology (IJMOT), Vol 14, No. 4, 2019		2019
