**Undergraduate Programme in Science Education**

**Module Handbook**

Module Name:	<i>Dasar-dasar Bioteknologi</i> (Introductory of Biotechnology)
Module Level:	Bachelor degree/Undergraduate Programme
Course Code:	8420102029
Abbreviation, if applicable:	Biotech
Courses included in the module, if applicable:	Not applicable
Semester/term	Elective
Module coordinator(s):	Hasan Subekti, M.Pd.
Lecturer(s):	Dra. Evie Ratnasari, M.Si.; Hasan Subekti, M.Pd.; Aris Rudi Purnomo, S.Pd., M.Pd., M.Sc.
Language:	<i>Dasar-dasar Bioteknologi</i> (Fundamentals of Biotechnology)
Classification within the curriculum:	Elective
Teaching format/class hours per week during the semester:	2 contact hours of lectures (Indonesia credit semester or <i>sks</i> *)
Workload:	2 x 50 minutes lectures, 2 x 60 minutes structured activity, 2 x 60 minutes individual activity, 14 weeks per semester, 79.33 total hours per semester ~ 3.18 ECTS**
Credit point:	2 <i>sks</i> (3.18 ECTS)
Requirements:	General Biology (Code: 8420103023)
Learning goals/competencies:	<b>Course Learning Outcomes (CLOs):</b> After taking this course, university students have ability to; <ol style="list-style-type: none"> <li>1. Applying its field of expertise in the pedagogical field of Integrated Science and utilizing IPTEKS to explore, collect, and evaluate (data and/or information) to solve learning literature professionally according to the situations and challenges faced.</li> <li>2. Mastering the carrying, BKPM, and methods related to food engineering (fermentation techniques, agricultural engineering, engineering techniques), and bioethics, as well as how to teach research-based techniques to support their profession and solve the literature of learning Knowledge Integrated (professional).</li> <li>3. Able to make appropriate decisions based on analysis of information and data to solve literature related to food techniques, both independently and in groups.</li> <li>4. Products attitudes are able to cooperate and have social sensitivity (caring) as well as an attitude of responsibility in carrying out their professional duties.</li> </ol>

Content:	Biotechnology in the context of the 21st century, bioinformatics, the principles of biotechnology (food) involves fermenting biotechnology, agricultural biotechnology, biotechnology engineering, and bioethics, as well as how to teach biotechnology with Integrating entrepreneurial perspectives.												
Attribute Soft skill:	Discipline, collaboration, responsibility, and argumentation in the natural classroom setting												
Study/exam achievements:	<p>Students are considered to be competent and pass if at least get 40% of the maximum final grade. The final grade (NA) is calculated based on the following weight:</p> <table border="1"> <thead> <tr> <th>Assessment Components</th> <th>Percentage Contribution</th> </tr> </thead> <tbody> <tr> <td>Participation</td> <td>20%</td> </tr> <tr> <td>Assignment</td> <td>30%</td> </tr> <tr> <td>Mid-semester test</td> <td>20%</td> </tr> <tr> <td>Final semester test</td> <td>30%</td> </tr> <tr> <td><b>Total</b></td> <td><b>100%</b></td> </tr> </tbody> </table>	Assessment Components	Percentage Contribution	Participation	20%	Assignment	30%	Mid-semester test	20%	Final semester test	30%	<b>Total</b>	<b>100%</b>
Assessment Components	Percentage Contribution												
Participation	20%												
Assignment	30%												
Mid-semester test	20%												
Final semester test	30%												
<b>Total</b>	<b>100%</b>												
Learning Methods	Constructivism, student-centered approach, project-based learning, lecturing, discussion, and presentation (structured activities), and flip learning												
Form of Media:	LCD, PowerPoint slides, worksheets, and e-learning Vinesa ( <a href="https://vinesa.unesa.ac.id">https://vinesa.unesa.ac.id</a> )												
Literature (primary references):	<ol style="list-style-type: none"> <li>Chin, M.L., Field L., Schmidt J., Scritchfield R., &amp; Toner, C. (2013). Food Biotechnology: A Communicator's Guide to Improving Understanding 3rd Edition. California.</li> <li>Schmid, R. D., &amp; Dannert, C. S. (2016 ). Biotechnology: An Illustrated Primer.
