1 NO POVERTY

SDGs' REPORT 2026 · SDG 1

No Poverty

UNESA is opening its doors to students from poor households, keeping them in class and helping nearby communities.

Members of a community business group and UNESA's Faculty of Food Security team check the fish-rearing tanks at Menanggal, Surabaya, where they opened a food-security education site, 19 June 2026.

SDG 1 AT A GLANCE

A campus that opens its doors to the poorest households

SDG 1 asks universities to admit students from poor households, help them finish their degrees, support students from poorer countries and help local communities lift themselves out of poverty. This report sets out what UNESA did on each of these in 2025 and 2026. It also shows how UNESA takes part in poverty policy with the city, the provinces and the national government.

HOW UNESA WORKS ON SDG 1

The SDGs Center coordinates UNESA's work on the goals. The Subdirectorate of Admissions places KIP-Kuliah scholarship students, the Vice-Rector for Education, Student Affairs and Alumni oversees tuition relief and the checking of each candidate's situation, and the Office of International Affairs runs scholarships for students from developing countries. The Faculty of Food Security and the Faculty of Economics and Business mentor local businesses, study programmes run community training, and the Rectorate leads the partnerships with the Ministry of Social Affairs. In the THE Impact Rankings 2026 UNESA is in the 301–400 band for SDG 1.

This report is one of seventeen: UNESA reports its progress on each SDG separately, and each report links to the full evidence pages, with every source, at sdgscenter.unesa.ac.id.

POLICY AND GOVERNANCE

A target of one place in five for students from poor households

Two regulations set the frame for SDG 1 at UNESA: the Rector's own regulation on admissions and the national regulation on tuition at state universities. Both are applied to every intake.

20%

of UNESA's admission capacity goes to applicants with limited economic means or from least developed regions (Rector's Regulation 14 of 2024, Article 11)

Rp500,000

a semester: tuition group I, the lowest. Group II is Rp1,000,000 (Ministerial Regulation 2 of 2024, Article 6)

K0

the tuition group UNESA reserves for KIP-Kuliah scholarship students, the first of its groups K0 to K8

THE RECTOR'S REGULATION

Rector's Regulation Number 14 of 2024 on the Admission of New Students was set on 28 May 2024. Article 11 says UNESA admits applicants with high academic potential but limited economic means, or from the frontier, outermost and least developed regions, for at least 20 percent of its admission capacity. The Rector sets the capacity every year under Article 10, so the target applies to the 2025 and 2026 intakes.

THE NATIONAL FLOOR

UNESA also applies Ministerial Regulation Number 2 of 2024, set on 19 January 2024. It fixes the two lowest tuition groups at Rp500,000 and Rp1,000,000 a semester. Article 12(2) asks every state university to place at least 20 percent of its new diploma and bachelor's students in these two groups, or on a scholarship because their family is economically disadvantaged.

HOW ADMISSIONS APPLIES THEM

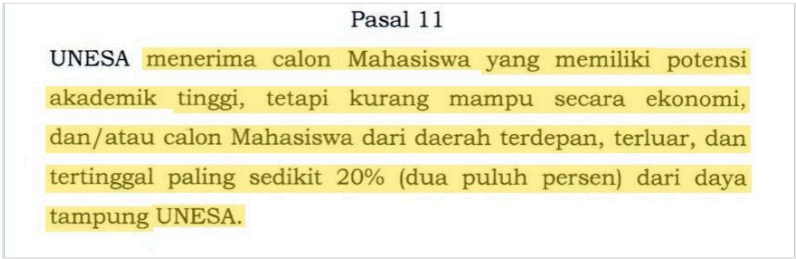

UNESA's Subdirectorate of Admissions runs each intake. For the national routes, the school-record selection (SNBP) and the national test (SNBT), and for the independent route, new students are placed in tuition groups K0 to K8. Group K0 is reserved for applicants declared eligible for KIP-Kuliah, the government scholarship for students from poor families that covers tuition and living costs.

HELP AFTER ADMISSION

Every semester students can apply online, through UNESA's SIM UKT system, to move to a lower tuition group or to pay in three instalments. UNESA's circular letter B/79371/UN38/HK.01.01/2026 sets the 2026 round, and the rules for proving hardship are the same every year.

SUPPORT BEYOND ADMISSION

UNESA lists KIP-Kuliah first among its schemes for students from economically disadvantaged families. These schemes give fee waivers, living allowances and dormitory support, and students apply for them online through UNESA's SIM Beasiswa portal. The Vice-Rector for Education, Student Affairs and Alumni oversees fee relief and the checking of each candidate's family situation.

Pasal 11

UNESA menerima calon Mahasiswa yang memiliki potensi akademik tinggi, tetapi kurang mampu secara ekonomi, dan/atau calon Mahasiswa dari daerah terdepan, terluar, dan tertinggal paling sedikit 20% (dua puluh persen) dari daya tampung UNESA.

IN THE POLICY

Rector's Regulation Number 14 of 2024 on the Admission of New Students, set on 28 May 2024, Article 11: UNESA admits applicants with limited economic means, or from frontier, outermost and least developed regions, for at least 20 percent of its admission capacity. Highlight added.

STUDENTS: ADMISSION

Opening the doors to students from poor households

In 2025 UNESA admitted more KIP-Kuliah students through the national test than any other state university in Indonesia. In 2026 it admitted 4,400 through the two national routes.

3,252

KIP-Kuliah students admitted through the 2025 national test, 36.9% of 8,813 new students, the most of any state university in Indonesia

4,400

KIP-Kuliah students admitted through the two national routes in 2026, 29.7% of 14,801 new students

3rd

year in a row that UNESA ranked first among state universities for KIP-Kuliah admissions in the national test

TWO NATIONAL ROUTES

In 2026 UNESA admitted 6,509 students through the school-record route (SNBP) and 1,293 of them, 19.9 percent, were KIP-Kuliah students. Through the national test (SNBT) it admitted 8,292 students and 3,107 of them, 37.5 percent, held the scholarship. In 2025 the national test brought 3,252 KIP-Kuliah students among 8,813 new students.

WHAT THE SCHOLARSHIP GIVES

KIP-Kuliah pays the tuition fee, so the student pays nothing for tuition, and adds a living allowance of Rp800,000 to Rp1,400,000 a month for food and lodging. Students qualify with a Kartu Indonesia Pintar, a place in the national socio-economic register up to the fourth decile, a social care home background or the family income limit.

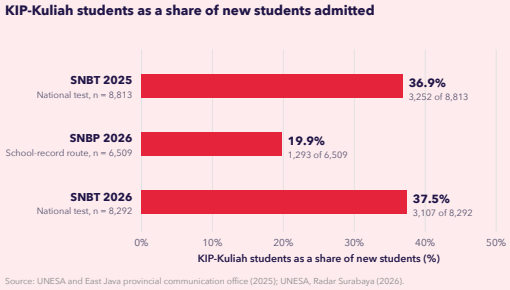

CHECKING THAT HELP REACHES FAMILIES

When the 2026 school-record results came out on 31 March 2026, UNESA announced that every KIP-Kuliah candidate's economic data would be checked through documents and home visits. On 6 April 2026 the Vice-Rector for Education, Student Affairs and Alumni said the student affairs team would visit the homes of about 1,200 candidates.

A PLACE FOR EVERY APPLICANT IN NEED

Applicants not awarded KIP-Kuliah start on the lowest tuition tier, Rp500,000 a semester.

KIP-KULIAH STUDENTS AMONG NEW STUDENTS, BY ROUTE

Source: UNESA and East Java provincial communication office (2025); UNESA, Radar Surabaya (2026).

secara ekonomi sesuai dengan ketentuan peraturan perundang-undangan.

(2) Persentase jumlah Mahasiswa yang dikenakan tarif UKT kelompok I dan kelompok II sebagaimana dimaksud dalam Pasal 6 ayat (2) dan Mahasiswa penerima beasiswa yang berasal dari keluarga yang kurang mampu secara ekonomi sebagaimana dimaksud pada ayat (1) berjumlah paling sedikit 20% (dua puluh persen) dari seluruh Mahasiswa baru program diploma dan program sarjana yang diterima oleh PTN setiap tahun.

IN THE POLICY

Ministerial Regulation (Permendikbudristek) Number 2 of 2024, set on 19 January 2024, Article 12(2): at least 20 percent of new diploma and bachelor's students at a state university are in the two lowest tuition groups or on scholarships for poor families. Highlight added.

STUDENTS: STAYING TO GRADUATE

Keeping students in class until they graduate

Every semester UNESA lowers or spreads the tuition fee of students whose families face hardship, and in December 2025 it added living-cost support for students affected by the Sumatra floods.

37%
of students receive financial aid because of poverty: 26,353 of 70,619 in 2025

1,340
students had their tuition group lowered on economic grounds in 2026, within 10,655 reductions

1,800
students from Surabaya had their fees lowered in step with the city's tuition aid in 2026

3
instalments over four months: the payment plan open to students who show hardship

A LOWER TUITION GROUP

Through SIM UKT, UNESA's online system, a student can apply to move to a lower tuition group by showing a letter from the village office or the social affairs office, a death or retirement certificate, or a KIP-Kuliah card. Applications ran from 18 to 30 June 2025 and from 8 to 26 June 2026.

THREE INSTALMENTS

A student who cannot pay the full fee at once can pay in three instalments over four months, with a notarised statement and a village poverty certificate. Both options lower or spread the fee for students who show hardship, and both run again each year.

WITH THE CITY OF SURABAYA

About 1,800 UNESA students from Surabaya had their fees lowered in 2026 to fit the city's tuition aid. The city gives this aid to students from poor and near-poor households under its 'one family, one graduate' target.

FLOOD SUPPORT

On 5 December 2025 the Rector announced a package for students whose families were hit by the floods in Aceh, North Sumatra and West Sumatra: one semester of living costs, learning facilities and tuition relief up to the eighth semester. UNESA's crisis directorate gave group counselling to about 458 students from Sumatra, and a charity auction raised about Rp148 million for the victims.

MEALS ON CAMPUS

UNESA distributed 2,500 free iftar meals a day at its Lidah Wetan campus during Ramadan 2026, from 21 February to 14 March, open to students and the public. During the final exams from 2 to 12 June 2026 it gave students 35,000 free breakfast portions across its four campuses.

UNESA'S SUPPORT FOR STUDENTS FROM LOW-INCOME FAMILIES, 2025 AND 2026

SUPPORT	WHO QUALIFIES	STUDENTS HELPED	WHEN
KIP-Kuliah	Holders of a Kartu Indonesia Pintar, students in the national socio-economic register up to decile 4, students from social care homes or families under the income limit	3,252 (2025 national test); 4,400 (2026 national routes)	2025, 2026
Lower tuition group	Letter from village or social affairs office, death or retirement certificate, or KIP-Kuliah card	1,340 on economic grounds	June 2025, June 2026
Three instalments	Notarised statement and village poverty certificate	On application	June 2025, June 2026
Lowest tier, Rp500,000	KIP-Kuliah applicants not awarded the scholarship	On application	2026
Flood support	Students whose families were hit by the Aceh, North Sumatra and West Sumatra floods	63 students from directly affected areas	December 2025
Free meals	All students: iftar meals in Ramadan, breakfast at final exams	2,500 meals a day; 35,000 breakfasts	Feb to Mar and June 2026

STUDENTS FROM ABROAD

Free study for students from poorer countries

UNESA hosts students on Indonesia's fully funded scholarship for developing countries, funds its own full tuition waiver for international students and offered 100 scholarships to Timor-Leste.

100

bachelor's, master's and doctoral scholarships UNESA offered to Timor-Leste in January 2026

4

low and lower-middle income countries that UNESA's 2025 KNB scholars come from: Chad, India, Pakistan and Tanzania

Full

tuition fee waived by the UNESA Global Scholarship 2026 for international students: four years for a bachelor's, two for a master's, three for a doctorate

THE KNB SCHOLARSHIP

UNESA's Office of International Affairs administers the Kemitraan Negara Berkembang (KNB, Partnership for Developing Countries) scholarship on campus. The scholarship, funded by Indonesia's Ministry of Higher Education, Science and Technology, covers tuition, a living allowance, a book and research allowance, health insurance, immigration costs and the return flight, so the student pays nothing. Registration for the 2026 intake ran from 2 February to 31 March 2026.

SCHOLARS FROM LOW-INCOME COUNTRIES

On 13 and 15 October 2025 five KNB scholars studying at UNESA, from Botswana, Chad, India, Pakistan and Tanzania, joined a global engagement visit to SD Al Hikmah, a primary school in Surabaya. Under the World Bank's fiscal year 2027 classification, Chad is a low income country and India, Pakistan and Tanzania are lower-middle income countries.

UNESA'S OWN SCHOLARSHIP

The UNESA Global Scholarship (UGS) 2026 is open to non-Indonesian citizens admitted to a full-degree programme. It waives the tuition fee for four years of a bachelor's degree, two years of a master's degree and three years of a doctorate, and adds one year of Bahasa Indonesia for foreign speakers where needed. The first 2026 intake took applications from 10 February to 2 May 2026, and a second intake opened from 15 June to 15 July 2026.

TIMOR-LESTE

On 5 to 7 January 2026 Timor-Leste's Minister of Higher Education, Science and Culture and a ministry delegation held meetings with UNESA in Surabaya. They agreed joint research, scholarships, staff and student exchanges and teacher training, and the ministry gained access to 100 scholarships offered by UNESA in its priority fields. From 29 March to 18 April 2026 five UNESA students on the UNESA Global Students Mobility Award taught English to pupils in Baucau and told them about scholarships at UNESA.

COUNTRIES REACHED BY UNESA'S SCHOLARSHIP SCHEMES, 2025 AND 2026

COUNTRY	HOW UNESA'S SCHEME REACHED IT	WHEN	WORLD BANK GROUP	GNI PER PERSON, 2025
Chad	KNB scholar studying at UNESA	2025	Low income	US$970
India	KNB scholar studying at UNESA	2025	Lower-middle income	US$2,760
Pakistan	KNB scholar studying at UNESA	2025	Lower-middle income	US$1,500
Tanzania	KNB scholar studying at UNESA	2025	Lower-middle income	US$1,270
Timor-Leste	100 UNESA scholarships offered to the Ministry of Higher Education, Science and Culture	2026	Lower-middle income	US$1,510

COMMUNITY: LOCAL BUSINESSES

Free mentoring that helps small businesses stand on their own

In 2025 and 2026 UNESA faculties and study programmes mentored and trained women's groups, farmers, youth groups and micro-businesses across East Java, at no cost to the businesses.

3
community business groups in Surabaya and Sidoarjo mentored with a charitable foundation, June 2026

4
micro-enterprises given equipment and training to use it, from Bangkalan in August 2025 to Ponorogo and Madiun in 2026

25
micro and small business owners trained in Janti, Sidoarjo, on 15 August 2026

20+

JARAN KEPANG, WITH YAYASAN BAITUL MAAL PLN

The Faculty of Food Security mentors urban community businesses that the foundation funds. On 19 June 2026 it reviewed its work with the Jago Karah Farm group in Surabaya, trained in poultry-cage sanitation, local feed and food safety. The same day it trained the FASTER group in Bungurasih, Sidoarjo, in fish rearing and low-cost feed, and opened a food-security education site with the xBATES group in Menanggal, Surabaya.

ZERO TO HERO

Announced on 13 August 2025, this programme of the Faculty of Economics and Business lets students spend a semester mentoring small food and beverage producers on business registration, halal certification, digital marketing and export readiness, supervised by lecturers.

COFFEE SOAP AT MOUNT IJEN

UNESA's Village and Regional Development Centre trained micro-business owners and village youth in Kalianyar village, Bondowoso, in entrepreneurship and digital marketing from 5 to 7 February 2026. A women's group began making soap from local coffee, and the team returned on 20 and 21 July 2026 to check its readiness to run the business alone.

EQUIPMENT AND TRAINING

On 8 August 2025 a UNESA team gave a batik home business in Bangkalan eco-friendly wax-removal equipment and trained its workers. In August 2026 teams gave a banana-stem craft business, a youth group and a farmer group in Ponorogo and Madiun an oven, a batik steamer and a fruit cooker, with training.

FARMERS AND COOPERATIVES

On 26 August 2026 a UNESA lecturer taught farmers in Kromong, Jombang, to turn corn into packaged snacks sold online. On 8 December 2025 UNESA launched a training academy for village cooperative leaders.

Faculty of Food Security lecturers mentor members of the FASTER community business group in Bungurasih, Sidoarjo, under the Jaran Kepang programme with Yayasan Baitul Maal PLN, June 2026.

COMMUNITY: HEALTH AND SERVICES

Training that brings nutrition and health knowledge to villages

UNESA's study programmes and community service students teach mothers, village health volunteers and school students about nutrition and health, and bring clean drinking water to a village.

52

mothers trained to prevent child stunting in Desa Kaumrejo, Malang, on 8 and 9 May 2026

20

volunteers from 10 village health posts trained in health counselling in Bakungan, Banyuwangi, on 11 May 2026

70

vocational school students in a balanced nutrition class at SMK Negeri 4 Madiun on 4 August 2025

BESEK: STOPPING STUNTING

Students of the Communication Studies programme ran BESEK (Bekal Sehat Anak Kuat, Healthy Provisions for Strong Children) at the village hall of Kaumrejo, Kabupaten Malang, on 8 and 9 May 2026, as the output of their Social Engineering course. A first session explained that preventing stunting starts in pregnancy, with enough nutrition, a clean home and less sugary food and drink for children. A second session had mothers prepare a simple, healthy meal to make at home.

NUTRITION WITH THE HEALTH CENTRE

On 9 May 2026 the programme's SOCA team held a workshop at the village hall of Kasengan, Kecamatan Manding, with the health promotion unit of Puskesmas Manding. They showed how cassava leaves and tempeh from residents' own gardens become supplementary meals for pregnant women and toddlers, to show that good nutrition in the first 1,000 days of life does not have to be expensive.

VILLAGE HEALTH VOLUNTEERS

On 11 May 2026 lecturers of the Indonesian Language and Literature Education programme trained 20 volunteers from 10 posyandu, the village health posts for mothers and children, in Desa Bakungan, Banyuwangi. The volunteers, who have served for 2 to 24 years, practised public speaking and counselling in role play sessions.

BALANCED NUTRITION FOR STUDENTS

On 4 August 2025 the Nutrition programme of the Faculty of Sport and Health Sciences taught about 70 eleventh-grade hospitality students at SMK Negeri 4 Madiun about macro and micronutrients and plating meals to the national 'My Plate' guide, with a video, group discussion, a pocket nutrition book for each student and a pre-test and post-test.

CLEAN WATER

On 28 December 2025 UNESA's Directorate of Prevention and Handling of Strategic Issues, through its Crisis Center, delivered aid and installed water purifiers in Desa Keurombok, Kecamatan Kuta Blang, as part of its emergency response, with residents taking part in the installation.

Lecturers of the Indonesian Language and Literature Education programme train village health post volunteers in counselling through role play, Desa Bakungan, Banyuwangi, May 2026.

POLICY AND GOVERNMENT

UNESA at the table where poverty policy is made

UNESA takes part in poverty policy at city, provincial and national level, and it hosts a Sekolah Rakyat, a free boarding school for the poorest households.

262
universities at the signing of the Ministry of Social Affairs' cooperation with East Java universities at Graha UNESA, 10 February 2025

22
urban villages, with 123 neighbourhood units, that UNESA assists in Surabaya's Kampung Pancasila programme in 2026

100
students in the first cohort of the Sekolah Rakyat that UNESA hosts, each offered a UNESA scholarship, from July 2025

2,489
students in 26 Sekolah Rakyat across East Java, reported at Graha UNESA on 29 December 2025

THE CITY OF SURABAYA

UNESA holds the city government's mandate to assist 22 urban villages and 123 neighbourhood units in seven districts in the Kampung Pancasila programme, which Surabaya launched on 12 August 2025. On 13 May 2026 UNESA met the city's district and village heads to align its help. Of the 104 universities the city invited, UNESA was the first to start technical coordination in the field. It defines each neighbourhood's problems and potential and trains residents in information technology and social media literacy.

THE MINISTRY OF SOCIAL AFFAIRS

On 10 February 2025 the Minister of Social Affairs signed the ministry's cooperation with East Java's state and private universities at Graha UNESA. Under the Kampung Anti Miskin (Anti Poverty Village) programme the universities carry out research, map each village's problems and potential, and give policy and intervention recommendations.

A NATIONAL MEETING

On 14 August 2025 UNESA hosted the national coordination meeting on the role of universities in ending poverty, held by the Coordinating Ministry for Community Empowerment, the Indonesian Rectors' Forum, which UNESA's Rector chairs, and the Council of State University Rectors. University leaders declared their support for Presidential Instruction 8 of 2025 on poverty alleviation.

A SEKOLAH RAKYAT ON CAMPUS

The Ministry of Social Affairs' free boarding school for children from the poorest households opened on UNESA's Lidah Wetan campus on 14 July 2025, with 100 students, a UNESA scholarship offered to every one of them, and dormitories on campus. On 31 July 2026 the ministry's Secretary General met UNESA at the Rectorate, where UNESA presented its study of how the school runs and its recommendations on curriculum, boarding life and child protection.

UNESA'S PART IN POVERTY POLICY, 2025 AND 2026

DATE	GOVERNMENT BODY AND PROGRAMME	UNESA'S ROLE	LEVEL
10 Feb 2025	Ministry of Social Affairs, Kampung Anti Miskin	Research, mapping and policy advice	National
18 Apr 2025	East Java Provincial Government, Sekolah Rakyat	Appointed implementer of the Sekolah Rakyat	Province
17 Jun 2025	West Nusa Tenggara Provincial Government	Memorandum with poverty alleviation as its first pillar	Province
14 Aug 2025	Coordinating Ministry for Community Empowerment	Hosted the national meeting on poverty	National
13 May 2026	Surabaya City Government, Kampung Pancasila	Assists 22 urban villages and 123 neighbourhood units	City
