STRATEGIC PLAN INFRASTRUCTURE DEVELOPMENT FISIPOL UNESA

To improve services to the academic community, FISIPOLUnesa has the following Strategic Plan Infrastructure Development:

1. Planned construction of an 8-story Integrated Lecture Building, located on the volleyball court between Buildings I2 and I4. The Detailed Engineering Design (DED) tender process was completed in 2023.

3. Renovation of Lecture Building I2. While awaiting the completion of Building I2 to 4 stories, the condition of the I2 building is hazardous for lectures, requiring renovations for the odd semester of 2025/2026. To prevent further damage, the renovations are underway.
4. Renovation of Building I4 and the addition of a co-working space. In an effort to provide academic services, Building I4 requires renovation due to the decaying roof trusses. Along with the roof renovation, a co-working space will also be added to the front of Building I4.
